Experience

Scalefull Technology

Jan 2024 – Feb 2024

Front End Developer Intern

Pune, Maharashtra

- Built and optimized responsive web pages using **HTML5, CSS3, and JavaScript**, ensuring cross-browser compatibility and mobile responsiveness.
- Developed dynamic and reusable UI components with **React.js**, improving code maintainability and scalability.
- Integrated web application with **Firebase** for authentication and real-time data synchronization.
- Collaborated with the development team using **Git/GitHub** for version control, code reviews, and agile task management.

Projects

Money Manager - FullStack Expense Tracker | *React, Spring Boot, JWT, MySQL*

July 2025 - Aug 2025

- Architected a full-stack expense tracker using **React** and **Spring Boot**, designing a **MySQL** schema to efficiently manage user transactions and financial data.
- Engineered a secure RESTful API with **10+ endpoints** using Spring Boot, implementing **JWT-based authentication** to protect all sensitive user financial data.
- Developed a dynamic UI with **15+ reusable React components** and **Tailwind CSS**, creating a real-time dashboard for visualizing spending habits.

Personal Portfolio Website | *React, Vite, Tailwind CSS, Vercel*

June 2025

- Engineered a fully responsive portfolio with **10+ reusable React components**, utilizing **Tailwind CSS** for a modern, mobile-first design aesthetic.
- Leveraged the **Vite** build tool to optimize asset bundling and achieve a **90% reduction** in hot-reload times, significantly improving the developer workflow.
- Automated the deployment workflow using **Vercel**, enabling instant continuous deployment (CI/CD) on every Git push.

Student Enrollment Program | *Java, SpringBoot, RestfulAPI*

May 2025

- Developed a backend application to manage **student and coach enrollments** for academic programs.
- Implemented **12 RESTful APIs** in Spring Boot to manage all CRUD operations for students, programs, and organizations, handling up to **1000 records** efficiently.
- Integrated **MySQL database** to store program details, student records, and enrollment information securely.
- Applied **role-based access control** (admin, coach, student) using Spring Security and JWT authentication.
- Followed object-oriented design principles to ensure scalability, modularity, and maintainability of the codebase.

Achievements / Soft Skills

- Solved 300+ coding problems on LeetCode and GeeksforGeeks.
- Strong in Problem Solving, Teamwork, Communication, and Adaptability.
