10th, SSC Board   *(Percentage: 93.60)*

TECHNICAL SKILLS

Languages: Java, SQL, JDBC, HTML, CSS, JavaScript
Concepts: OOP, Operating Systems, DBMS, CNS, DSA

PROJECTS

Car Rental System (CRS) | *Java, OOPS*   Jan. 2025
- This project simulates a car rental service, allowing users to view available cars, rent a car, and manage their rentals.
- It includes features such as checking car availability, booking a car, and viewing rental details.
- Offers a virtual interface for managing car rental transactions in a virtual environment.

Hospital Management System (HMS) | *Java, JDBC, OOPS*   Apr. 2024
- Developed a Hospital Management System (HMS) to automate and streamline hospital operations, including patient registration, appointment scheduling, billing, and medical record management.
- Integrated secure, role-based access control and real-time reporting to enhance operational efficiency and improve patient care.

Food Delivery Website (FDW) (Internship Project) | *HTML, CSS, JavaScript*   Feb. 2024
- Developed a food delivery website where users can browse categorized food items, add them to cart, and place orders using a fully frontend-based system.
- Implemented features like cart management using localStorage, menu filtering, login simulation, and real-time delivery tracking simulation using JavaScript.

Portfolio Website | *HTML, CSS, JavaScript*   Feb. 2024 – Present
- Developed a personal portfolio website showcasing technical skills, projects, and contact information in a responsive and visually appealing format.

WORK EXPERIENCE

Scalefull Technology | *Internship*   Jan 2024 – Feb 2024
- Developed and maintained responsive web applications using HTML, CSS, JavaScript, ensuring optimal performance and cross-browser compatibility.

HOBBIES AND SOFT SKILLS

Hobbies: Cooking, Swimming, Photography
Soft Skills : Teamwork, Good Communication, Problem Solving, Adaptability
